APPLICATION OF INFORMATION AND COMMUNICATION TECHNOLOGIES - AICT2015

[Conference is devoted to 100th Anniversary of Southern Federal University]

On behalf of the Steering Committee, we welcome you to the 9th International Conference on Application of Information and Communication Technologies (AICT2015) will be held in Rostov-on-Don, Russia on the 14, 15 and 16th of October 2015. The AICT2015 Conference will build on the success of the previous conferences, which were held in Astana, Baku, Tashkent and Tbilisi.

AICT2015 is co-organized by Southern Federal University, Qafqaz University and technically sponsored by Institute of Electrical and Electronics Engineers (IEEE). AICT2015 will offer oral, keynote speeches, tutorials and, professional meetings. Submitted papers are expected to cover state-of-the-art technologies, theoretical concepts, standards, products implementation, ongoing research projects as well as application issues of the ICT. In the previous AICT was joined by hundreds of participants from several countries including Australia, Azerbaijan, China, Finland, Georgia, Germany, India, Iran, Italy, Japan, Kazakhstan, Korea, Latvia, Malaysia, Pakistan, Philippines, Portugal, Romania, Russia, Slovakia, Spain, Sweden, Thailand, Turkey, Ukraine, United Kingdom, United States, Uzbekistan, etc.

AICT2015 CONFERENCE PURPOSE:

The AICT2015 IEEE International Conference is a forum to bring together business people, researchers, scientists, software architects, and industry professionals to discuss innovative ideas and diverse topics on next generation of information technologies and services. Using this forum, researchers and practitioners can exchange issues and challenges, new business models and structures, new technologies and solutions. The AICT2015 aims at attracting both researchers from academic and industrial institutions and practitioners from industry. Researchers, practitioners and distinguished speakers are invited to submit a paper and/or to make proposals of original research speeches addressing business and technical issues, challenges, solutions, and technologies in building applications, complete solutions and ICT-based services. All papers/proposals will be peer-reviewed by the members of the international program committee.
