

PRESS RELEASE

The 11th IEEE International Conference on
Application of Information and Communication Technologies

AICT2017

Moscow, Russia, 20-22 September 2017

www.aict.info

The 11th IEEE International Conference on Application of Information and Communication Technologies (AICT2017) will be held in Moscow, Russia on the 20, 21 and 22th of September 2017.

The AICT2017 is co-organized by the V.A. Trapeznikov Institute of Control Sciences of Russian Academy of Sciences, ADA University, Moscow Institute of Physics and Technology, National Research University "MPEI", Financial University under the Government of the Russian Federation, Peoples' Friendship University of Russia, Moscow Aviation Institute, Oil and Gas Research Institute of Russian Academy of Sciences, with support of IEEE Russia Section, IEEE Azerbaijan Joint Chapter and technically sponsored by Institute of Electrical and Electronics Engineers (IEEE). AICT2017 will offer oral, keynote speeches, tutorials and, professional meetings. Submitted papers are expected to cover state-of-the-art technologies, theoretical concepts, standards, products implementation, ongoing research projects as well as application issues of the ICT. In the previous AICT was joined by hundreds of participants from several

countries including Australia, Azerbaijan, China, Finland, Georgia, Germany, India, Iran, Italy, Japan, Kazakhstan, Korea, Latvia, Malaysia, Pakistan, Philippines, Portugal, Romania, Russia, Slovakia, Spain, Sweden, Thailand, Turkey, Ukraine, United Kingdom, United States, Uzbekistan, etc.

Building on the success of previous conferences held in Azerbaijan, Uzbekistan, Georgia, Kazakhstan and Russia, AICT2017 is expected to be one of the most significant international academic conferences in the field of ICT implementation, which draws together researchers, academics, practitioners around the world to exchange, reveal and promote the latest advances and technologies in regards of the Application of Information and Communication Technologies (ICT) in Education and Research, Business and Administration, Industry, Governance, Health Care, Humanities and Social Sciences.

Researchers, practitioners and distinguished speakers will present their proposals of original research addressing business and technical issues, challenges, solutions, and technologies in building applications, complete solutions and ICT-based services.

AICT2017 conference is focused in the scientific topics classified into the following technical tracks:

- Big Data Management and Application
- Data Mining and Data Engineering
- Cyber Security Issues
- Latest Trends in ICT Application
- Communication, network and hardware
- ICT in Business Administration, Finance and Economy
- ICT in Governance and Government Policy Making
- ICT in Education, Humanities, Social Sciences and Research
- ICT in Medicine and Health Care
- ICT in Fuel and Energy Industry
